

MAJOR VS. MINOR MODIFICATIONS

A **major modification (maj.)** is defined as a correction that has an impact on students' results if it is not made. For example: addition of an item to the correction key, modification of a task, addition of an appendix required for the task, a change to the marking scheme, etc.

A **minor modification (min.)** is a correction that has no direct impact on students' results. For example: formatting of pages, revision to spelling or typo errors, etc.

If you have questions, do not hesitate to communicate with our BIM team (bim@grics.ca).

ACCESS TO EXAMINATIONS IN BIMANAGER (GEXAMINE)

To more easily differentiate examinations specific to the Common Core Basic Education (CCBE) and the Diversified Basic Education (DBE), examinations have been categorized in a separate folder called *Adult Sector General Education – CCBE and DBE*.

DOCUMENT DATES – CCBE AND DBE

The footer in each document of a given examination includes a date. This date may differ from one document to another if modifications have been made.

A = Addition

R = Revision (maj. or min.)

D = Deleted

ADULT SECTOR GENERAL EDUCATION – CCBE AND DBE
